

Holster displayed with safety cutter and replacement blade head (sold separately).

FEATURES AND HIGHLIGHTS

Meet the EcoKwik™ Holster—engineered for teams in fastpaced, high-volume operations with a commitment to safety, sustainability, and productivity. Made from 72% recycled plastic, this holster keeps Klever safety cutters close at hand and safely stored. Integrated KwikClick connection offers a secure cutter attachment and a seamless, quick-draw for increased confidence on the job. Onboard blade storage holds one Klever XChange Blade Head providing on-the-go blade change for reduced downtime during blade replacement. Klever EcoKwik Holster empowers workers to do their job with confidence and speed.

- **American-Made from 72% Recycled Plastic:** Constructed for industrial environments with socially responsible plastic usage for sustainability
- **KwikClick Connection:** Audible “click” of safety cutter to holster combined with a fluid withdraw provides efficiency and confident use
- **360-Degree Adjustable Belt Clip:** Attaches to belts and workwear, with multiple adjustment positions for customized comfort during busy work days
- **Built-In Lanyard Hole:** Attach a lanyard to create a permanent holster to safety cutter attachment for increased retention
- Disposable
- Ideal for fast-paced settings

WHY KLEVER?

Klever Innovations is a leader in developing concealed safety cutting solutions that keep workplace safety a top priority. Klever's signature “concealed blade” design significantly reduces cut injuries and damaged merchandise, resulting in significant cost savings for your organization. All Klever safety cutters are proudly manufactured in the USA.
